ARE YOU COVERED?

Do you have the following insurance coverage? Do you need the insurance coverage you have? If so, is the coverage you have appropriate?

- Errors and Omissions Insurance (a/k/a Professional Liability)
- Commercial General Liability
- Worker's Compensation Insurance – required if you have workers within the U.S.
- Defense Base Act Insurance (DBA) - required if you have any workers outside of the U.S.
- Employment Practice Liability (EPL)
- Crime/Employee Dishonesty Insurance
- Property Insurance
- Directors and Officers (D&O) Insurance
- Umbrella Coverage

These are all questions you need to ask if you are to successfully run your business – large or small! The wrong level of insurance coverage can either leave your company exposed to potential risk or paying too much for the coverage you need.

These situations can result from your broker/underwriter not understanding your products or services and the marketplace you are in and/or your company's operations have changed and are out of sync with your insurance coverage.
